The itinerary

Day 1

FLY FROM ZANZIBAR TO THE NORTHERN SERENGETI

Mara River Camp, Northern Serengeti

After breakfast you transfer to Zanzibar Airport for the scheduled flight to the Northern Serengeti.

Your guide meets you at the airstrip and the first game drive starts straight away. Between July and October this is where the herds gather around the Mara River, so the wildebeest and zebra are the first thing you go looking for – with lion, elephant and leopard alongside them.

MEALS Lunch & dinner

Day 2

A FULL DAY IN THE NORTHERN SERENGETI

Lala Salama Camp, Serengeti

A whole day in the country the migration moves through, with a guide who follows the herds rather than a timetable.

If the conditions are right you may see thousands of wildebeest and zebra cross the Mara River with the predators waiting for them. Crossings happen when the herds decide, so nobody can promise one, but this is the place and the season to be.

Day 3

SOUTH THROUGH THE SERENGETI

Lion's Paw Camp, Ngorongoro Crater rim

After breakfast you work south through the Serengeti's changing country towards the Seronera Valley in the centre of the park, one of its best wildlife areas and known for its predators, game viewing the whole way.

The night is at Lion's Paw Camp.

MEALS Breakfast, lunch & dinner

Day 4

THE NGORONGORO CRATER

Elephant Springs by Karibu Camps, Tarangire

Down onto the crater floor after breakfast, for a game drive among one of the densest concentrations of wildlife in Africa and some of the best odds anywhere on the Big Five.

Afterwards you climb out and drive on to Elephant Springs, close to Tarangire.

MEALS Breakfast, lunch & dinner

The itinerary

Day 5

TARANGIRE & THE FLIGHT BACK TO ZANZIBAR

A last game drive in Tarangire, among the elephant herds and the old baobabs.

Then the airstrip and the flight back to Zanzibar.
