### TARANGIRE NATIONAL PARK

#### *Elephant Springs by Karibu Camps, Tarangire*

After breakfast, west to Tarangire — ancient baobabs, a seasonal river and one of the largest elephant populations in East Africa.

## Day 3

### THROUGH NGORONGORO TO NDUTU

*Serengeti Woodland Camp by Karibu Camps, Ndutu*

The road west through the Ngorongoro Conservation Area and down onto the southern Serengeti plains at Ndutu, where the migration gathers for the calving.

The drive is a game drive as you go – the big herds of wildebeest, zebra and gazelle, and the predators keeping pace with them – and it ends at Serengeti Woodland Camp by Karibu Camps.

MEALS Breakfast, lunch & dinner

## Day 4

### A FULL DAY ON THE CALVING GROUNDS

*Serengeti Woodland Camp by Karibu Camps, Ndutu*

A whole day on the southern plains with your guide, following the herds.

This is when the calves take their first steps, a great many of them each day, and when the lion, cheetah, leopard and hyena are most active around them.
